

IPHA Annual Conference 2017

Madrid, Spain

17. – 19.05.2017

BIBM Congress 2017

Madrid, Spain

17. – 19.05.2017

Why Madrid

Madrid is a city where you will find everything, cutting-edge, facilities, devoted professionals and modern infrastructures., allowing you to comply with the most demanding quality levels. Furthermore you will find a booming culture a thriving lifestyle, warm people and blue skies.

Located in the geographic centre of Spain, Madrid is a melting pot for people from all over Spain. The grand and jovial atmosphere of the city's thriving street life defines this place best. From the ancient Arabic walls to the avant-garde contemporary high-rises, Madrid's buildings and monuments are strongholds of history and art. They reflect the everyday life of Madrilenians, a comfortable blend of tradition and progress.

BIBM Congress 2017 – save the date!

Right after the last BIBM Congress 2014, preparations for the next Congress started quickly, and in the BIBM Board meeting in April 2015 it was finally decided to organize the BIBM Congress 2017 in Madrid, the capital city of Spain, from 17-19. May 2017.

BIBM Congresses are a unique meeting place for the precast industry, bringing clients, customers, producers, suppliers, politicians and academics together to inform about recent developments and the future of precast concrete. At the last BIBM Congress 2014, nearly 600 people from 43 different nations attended the Congress and for the upcoming event in Madrid, it is planned to extend the capacities again.

Welcome to Spain - Madrid will be the host city for the BIBM Congress 2017 and the IPHA Annual Conference 2017, too!

In 2014, for the first time IPHA, the International Prestressed Hollowcore Association, joined forces with BIBM during the BIBM congress and organized their Annual Conference at the same place. Due to the tremendous success of this combination of events that brought together even more experts from all over the world, IPHA decided to join BIBM in 2017 in Madrid, too. IPHA will invite more than 80 member companies from 30+ countries to attend the joint meeting in Madrid.

Madrid is one of the most attractive cities in Europe, perfectly connected with their Madrid-Barajas airport to the whole world, and the Spanish precast association ANDECE is located in Madrid, as well. CPI worldwide will once again operate as event organizer for BIBM to promote the Congress globally. An international range of presenters as well as a trade exhibition with more than 70 exhibitors will attract people from all over the world to attend the BIBM Congress 2017. Constantly updated information will be presented on this internet website.
