

# BIBM Congress 2020

IPHA Conference 2019

MAY 6-8, 2020  
TIVOLI CONGRESS CENTRE

Alessio RIMOLDI

Federation of the European Precast Concrete industry

Members - National Associations

3 reasons

- European legislation
- Transnational challenges
- Knowledge exchange platform

BIBM works for the development of  
a stable and business friendly

(European) legislative environment

that allows the precast concrete business to  
profitably develop in Europe

BIBM works for

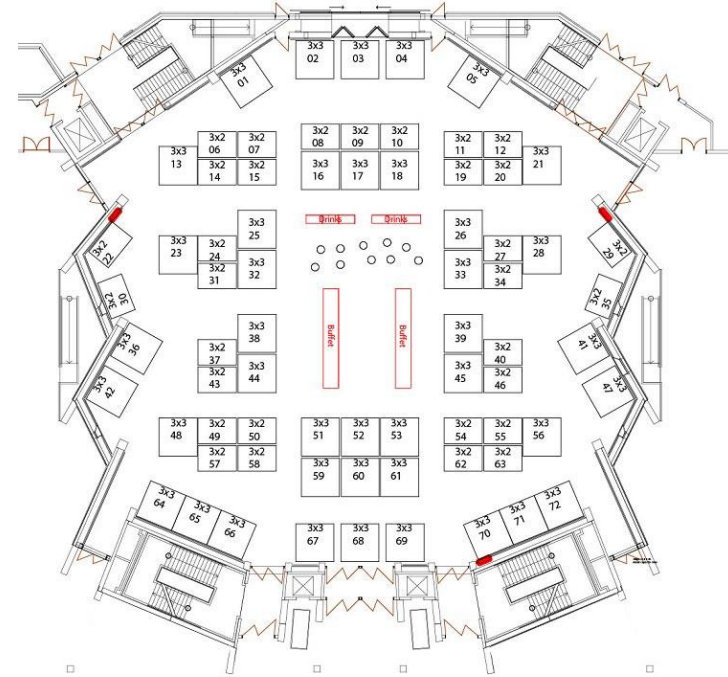

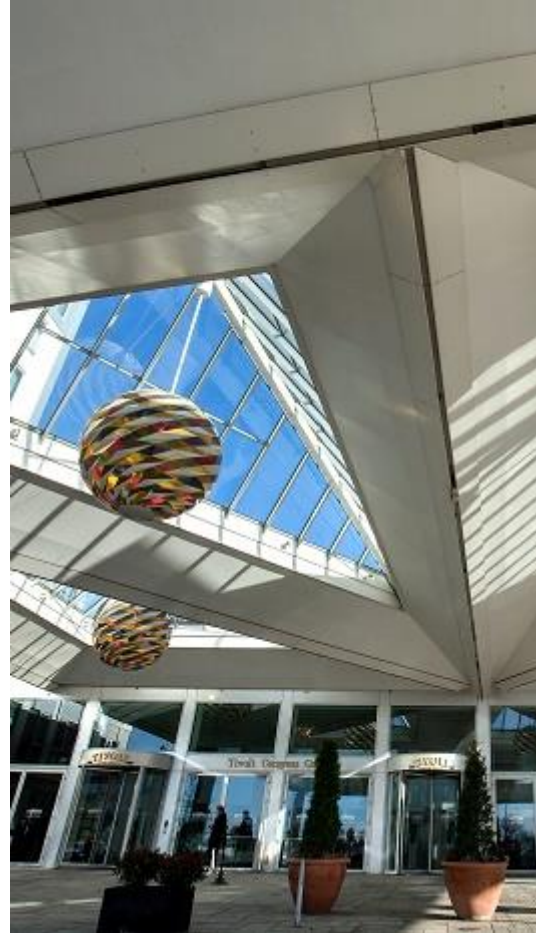

The improvement of the precast concrete image on the international stage

Sharing knowledge/intelligence within the precast concrete sector

It is the only congress fully dedicated to the Precast Concrete industry addressing all Europe (and beyond)

It is the unique place where European solutions to global challenges are debated

It has a program with a distinctive mix of technical, marketing and political topics, coupled with business opportunities and fantastic location

Copenhagen  
Tivoli Congress Centre

IPHA

Not an evident decision

Win-win-win situation

- BIBM – build on the IPHA network
- IPHA – Confronting with the whole precast sector
- Members in both IPHA and BIBM – not obliged to attend two events or worse to have to decide

[www.bibmcongress.eu](http://www.bibmcongress.eu)

- Exhibitors registration already open
  - Early bird until 30 June
- Attendees registration
  - Opens after summer
- Sponsorship possibilities
  - Tailor-made agreement possible

**Thank you!**
